The next page lists your heat assignments. Click SCORE to the left of the heat you want.

Only papers and websites will be visible before Saturday, February 27th.

The page title is "Junior - Individual Exhibit Heat 1" and the instruction is "Please choose an entry to score." A red arrow points to the "Score" button for the first entry. The entry list is as follows:

Entry #	Title

The page for each project includes links to the project itself and the paperwork that goes with the project.

Please **DOWNLOAD** the paperwork (this is especially important for Elementary Posters and all Exhibits. They need to be viewed in Acrobat or Preview on your computer).

Websites work best in Chrome. If something on the site is not working, please try a different browser than you started with before assuming that the student/s did something wrong building the site.
